## America Needs a Facelift:

### ***Adults Only...A Straight Forward Book That Can Renew America, Guaranteed***

WEST PALM BEACH, FL – Political insider Sid Dinerstein lives and works in Palm Beach County (yes, THAT Palm Beach County) , is highly respected amongst his peers in both the Republican and Democratic parties, and has entered the publishing world like a bull in a china shop with his thought provoking, party-crossover book , ***Adults Only*** (StarGroup International, 2008, ISBN 1-884886-86-8.) ***Adults Only*** challenges every voting American to love their country more than their own political party and every politician to stop playing the “Blame Game,” which sadly has become a tennis match for politicians where the sole objective is to score points and not solve America’s problems. .

“We all need to ‘Grow up!’ and develop an Adults Only approach to solving the problems we have in America,” said author Sid Dinerstein.

With numerous problems and not enough answers comes Dinerstein’s Adult Only Trilogy Amendments, which he believes 80 percent of Americans will agree with and 80 percent of the elected officials in Washington will balk at. They are: **Amendment #1: Term Limits; Amendment #2: A Balanced Budget; Amendment #3: English As Our Official Language.** These ideas are not only compelling but, to some politicians they might feel as though they have endured a shock treatment procedure.

“Whether or not you agree with a single word I write, you’ll have to agree I touch a lot of sensitive nerves,” states Mr. Dinerstein.

Voting is a privilege that we Americans have taken for granted. The ***Adults Only*** approach is for every American to take responsibility in helping to shape our country. We, as a country, are not what we used to be. For a country less than three hundred years old, we are indeed showing every line and wrinkle. America needs to become young and vibrant again; we need a major face-lift and unclog our hardened arteries.

***Adults Only*** will change the way we look at our politicians, our government and ourselves.
